Commander, Goodfellow AFB

RE: Municipal Solid Waste - Tom Green County
Goodfellow AFB - Permit No. 1439
Landfill Final Closure

Dear Colonel Steele:

On June 4, 1999, the Texas Natural Resource Conservation Commission (TNRCC), Municipal Solid Waste (MSW) Permits Section, received your report entitled "Technical Documents to Support No further Response Action Planned (NFRAP) Decision" under your cover letter dated 27 May 1999. Your letter asked that we concur with your staffs opinion that no further closure action is required at this site. As you can see from our Texas Department of Health (this solid waste program's predecessor agency) letter of December 12, 1988, this permitted landfill site is in final closure. The permit for this facility is considered canceled. Any additional waste disposal will require a new municipal solid waste facility permit.

Your cooperation in maintaining this closed site is greatly appreciated. As in the past, any future maintenance problems that arise at this closed site are the Air Force's responsibility to correct as soon as practical.

If you have any questions concerning this matter, please contact me at (512) 239-6732.

Sincerely,

Marjorie Ryan
