The Aging Director provided an update - three individuals filed an application packet to serve as TSHL representatives for the Concho Valley region, by the required date: Sherry Hubbard, Wayne Merrill, Brigitte Rogers. An election will not be required since there are not more than 4 individuals that applied to serve as TSHL for the region. AREA AGENCY ON AGING (AAA) DIRECTOR’S REPORT
Director Roberts provided an update on member Ralph Teague. Mr. Teague submitted his resignation prior to the March meeting, due to health concerns.

Director Roberts provided an explanation regarding the FY 16 Closeout process, specifically the Evidence Based Intervention (EBI) program. The HHS office has informed the AAACV that it is required to ensure that an EBI program is offered and that reporting is properly documented in the State database. For FY 17, the AAACV must ensure that if there are expenditures for the EBI program, there must also be active participants/units documented in the State database. The AAACV will offer Caregiver Stress Busting - General, for FY 17. An explanation was provided on the guidelines of the program. The AAACV will explore various options to identify Caregivers and possibilities on offering Caregiver respite.

Member Mary Roden offered the suggestion that the AAACV network with local hospitals to see if Respite services are offered. Director Roberts offered an explanation on the changes that have occurred with the Caregiver program over the past year. Goals are to offer more services for the Caregiver clients, over the coming year that may include: Income Support, Residential Repair, and Health Maintenance.

A discussion was held regarding the provider registry for the Caregiver program. Some concerns were noted regarding the need to complete background checks for individuals listed on the Caregiver registry. An explanation was provided in regard to how the rate is negotiated for individuals who serve as a provider.
Member Deborah Palmer offered a suggestion to contact Laura Serrano or another staff with the Veterans Service office to see about coordinating a Stress Busting course with the Caregiver program that is offered through the VA office.

A brief overview of the FY 17 budget was provided. A working budget will be submitted to the State in the coming weeks. AAA staff, Yolanda Torres, offered an overview of the annual Rate Setting process. Currently, there are eight Home Delivered meal providers and nine Congregate meal providers that serve as partners with the Area Agency on Aging for the Concho Valley region.

Brief update regarding the upcoming Ombudsman on-site monitoring was completed. Scheduled date for monitoring is April 11 through April 13, 2017. Also, noted was the completion of the annual SHIP/CMS grant application which is one of the primary funding sources for the Benefits Counseling program.

The Aging Director provided an overview of the Transportation services that have been offered for FY 17. There are three funding sources offered for Transportation Demand Response services: AAA, 5310 Rural and 5310 Urban. Funds have been expended through the 5310 Rural program, as well as, AAA sponsored trips. With 5310 funding, Elderly and Disabled clients were not limited to specific destinations within the Concho Valley region for their trip planning, but were required to stay within the allotted number of authorized trips. AAA sponsored trips were only to/from the Senior Center for individuals 60+. For the 5310 clients, an individual is considered elderly at 65 years of age and older and disabled at any, with documentation that confirms a disability. Trips for 5310 Urban have been underutilized. The AAA staff will continue to work closely with the Concho Valley Transit District to ensure utilization of the 5310 Urban funds.
